Office of the President

Dear Augites:

I am pleased once again to extend greetings to the readers of the production of the 125th Anniversary Edition of the FALCON YEARBOOK (1992 edition). This edition of the FALCON is special in that the publication comes during the year that Saint Augustine's celebrates 125 years of existence. Perhaps, it would be revealing to look back over the past 125 years and to compare how different our yearbooks are now to what they were years ago. The information contained in this yearbook will serve as a historical landmark for those young men and women enrolling in Saint Augustine's College for years to come.

Best wishes.

Very truly yours,

Prezell R. Robinson  
 President

## MENTOR

The bolder step is mine to make.  
I've a destiny to fulfill.  
If the earth beneath me  
should begin to quake,  
I must be stronger still  
and persevere.

The horizon is not so far removed,  
and what lay beyond, yet unseen,  
are the hopes that come  
with the sunrise  
to span the limitless bounds  
of our children's dreams.

Upon my shoulders, broad and  
tried,  
reside the trials and triumphs  
of the centuries.

The torch, I must carry forth  
as the Heavens hath decreed.

## IN PARTNERSHIP WITH PROGRESS: CELEBRATING ONE-HUNDRED AND TWENTY-FIVE YEARS OF EDUCATIONAL SERVICE AND CONTINUING GROWTH — “THE BEST IS YET TO COME”

**“The dark hue of violet/ the snow white lily’s bloom/ are emblems of virtues rare/ that seal all failure’s doom/ that give us courage ever/ to dare to do the right/ for Alma Mater dear they stand/ ALL HAIL THE BLUE AND WHITE.”**

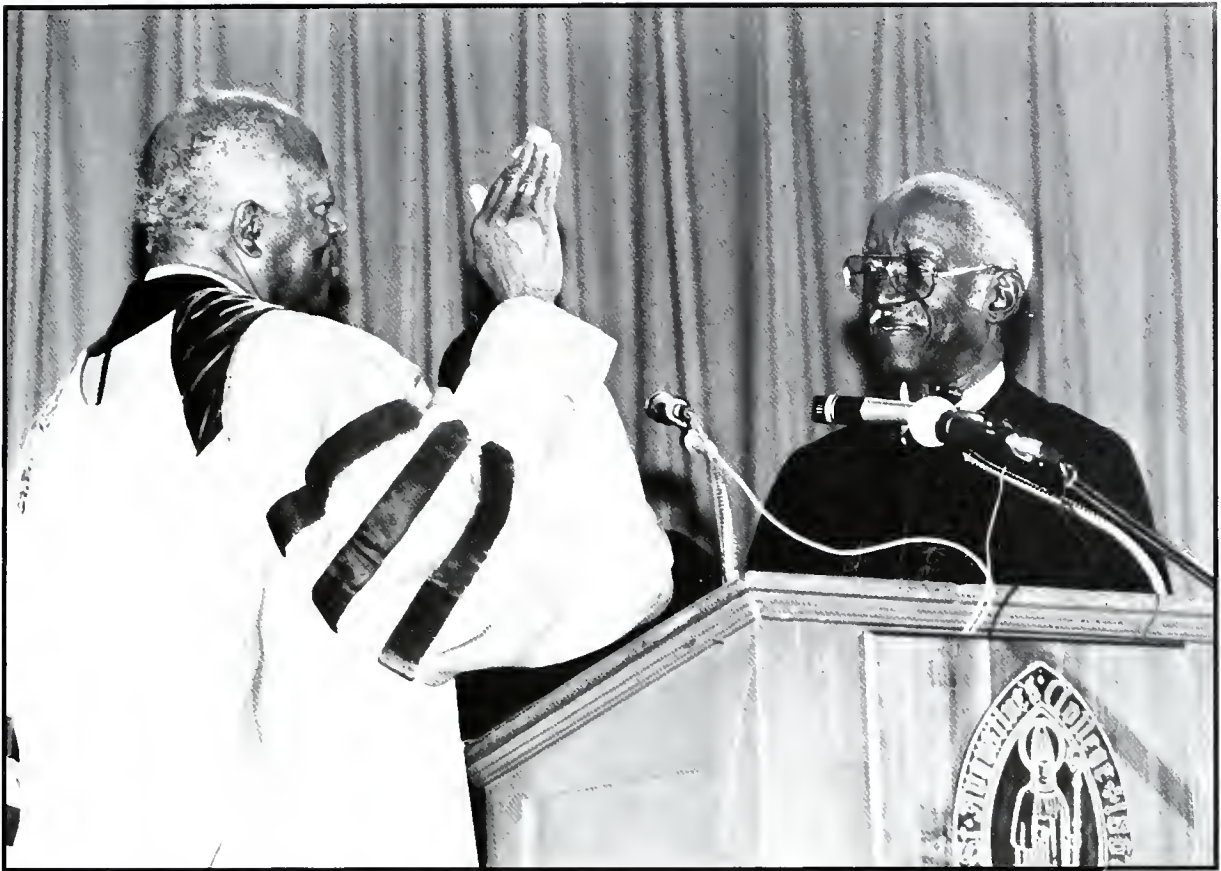

The 1991-92 school term marks an important milestone in the history of Saint Augustine’s College. We have every reason to rejoice in song as we celebrate the 125th Anniversary of the founding of our beloved institution. We celebrate a century-plus of educating, enlightening, and enriching the lives of generations of students and the rendering of an invaluable service to the community-at-large. We celebrate with the offering to hold fast to our dreams and to pass onward greater opportunity to all who shall follow us.

Since its founding on July 19, 1867, (classes commenced on January 1, 1868) Saint Augustine’s College has been a beacon to a significant portion of the populace. The growth and ensuing prosperity have not come by happenstance, but rather by staying abreast of change, committing to academic excellence and by maintaining accountability to a constituency — individuals and families who have made attending Saint Augustine’s a tradition. A comprehensive and ever-expanding curriculum — with emphasis on the liberal arts — has kept us at the forefront of innovative learning. This along with the emphasis placed on the firmly established familial-atmosphere, has attracted students from near and far. This is evidenced by the 1900 students that comprise our student body.

1991-92 further marks the twenty-fifth year of Dr. Prezell R. Robinson’s tenure as president of Saint Augustine’s College. Since his installation in 1967, he has been an advocate for the continuing support of institutions of higher education, particularly historically Black Colleges and Universities. He has also been the pre-eminent fundraiser, spearheading several campaigns to increase the college’s endowment and assure its continued viability. The last twenty-five years have witnessed marked improvements in the physical plant through an extensive program of building and renovation of existing facilities. Dr. Robinson is due much of the credit as sound fiscal management and a hands-on approach to leadership have been the hallmarks of his administration. He has proven himself to be an astute manager and an Augite of the highest order.

As we commemorate and celebrate in a year long observance, we reflect upon the past and look to the future with much optimism. Our partnership with progress remains intact and there is much work yet to be done. Many have come through Saint Augustine’s gates before us and they have gone out to serve their communities and the nation. Our pledge must be to continue in that noble tradition. The moment is still young. The best is yet to come.

November 5, 1991 — Dr. Prezell R. Robinson, President awards an Honorary Doctor of Humane Letters Degree to Dr. John Hope Franklin, Distinguished Historian and former Professor at Saint Augustine's College, 1939-1943.

ASSISTANT PROFESSOR  
DIVISION OF BUSINESS

Dr. Frank E. Godfrey

**Dr. Frank E. Godfrey, Assistant Professor of Business here at St. Augustine's College, has qualified himself as one that students can easily relate to and dialogue with. His deportment and insight have inspired us and stimulated our levels of activism. The 1967 graduate of the "Aug" has helped to nurture our intellectual growth and maturation and led us to become critical thinkers and advocates for and conservators of our African-American heritage.**

**Having served as chairman of the Division of Business, Co-ordinator of Alumni Affairs, and advisor to the Senior class, Dr. Godfrey is well-versed in many areas. His energy is infectious as he is an educator whose lessons/lectures go beyond the classroom setting. Indeed, he is one that we might well emulate.**

**We, the Senior Class of 1992, do hereby dedicate the '92 Falcon Yearbook to Dr. Frank E. Godfrey.**

## INVICTUS

Out of the night that covers me,  
Black as the pit from pole to pole,  
I thank whatever gods may be  
For my unquerable soul.

In the fell clutches of circumstance  
I have not winched nor cried aloud,  
Under the bludgeonings of chance  
My head is bloody, but unbowed.

Beyond this place of wrath and tears  
Looms but the horror of the shade.  
And yet the menace of the years  
Finds and shall find me unafraid.

It matters not how strait the gait,  
How charged with punishment the scroll,  
I am the master of my fate;  
I am the captain of my soul.

— William Ernest Henley

# SPECIAL RECOGNITION

“DR. PREZELL R. ROBINSON —  
A MAN FOR ALL SEASONS . . .”

# CELEBRATING TWENTY-FIVE YEARS OF PRESIDENTIAL LEADERSHIP

Dr. Prezell R. Robinson, President of Saint Augustine's College, has given over thirty-five years of dedicated service to "the Aug". Having served in the capacity of Academic Dean (1955-66), professor, and President (1967-Present), Dr. Robinson has left an indelible impression on the institution and had significant impact on the lives of many students who have passed through the halls of academia.

A native of South Carolina, Dr. Robinson graduated from Voorhees High School and Junior College before matriculating here at Saint Augustine's, where he was graduated in 1946. He honed his leadership skills by becoming involved in numerous organizations while here at the college. Advanced degrees were attained from Cornell University, Ithaca, New York (M.S., Ed.D).

In February 1967, Dr. Robinson took office as the eighth president of Saint Augustine's College. His elevation to the presidency ushered in a new era in the life of the college. His keen sense of purpose and indefatigable spirit have allowed Saint Augustine's to broaden its basic mission and address the needs of today's society as relates to its work force and future leadership. A greater emphasis on character development, broad-based instruction, and a more-global perspective have become imperatives as the college looks toward the 21st Century.

"Prexy", as we fondly call Dr. Robinson, has played no small part in seeing to it that Saint Augustine's College maintains her place at the vanguard of educating "the brightest among us", as well as many of those "somewhat less prepared" — for indeed, many diamonds have been hewn from rough stone.

The naming of the Prezell R. Robinson Library in his honor, a few years ago, is testimony to achievements of Dr. Robinson. The honor speaks to his commitment to his alma mater over the years and of his stature as an educator. Additionally, he has received honorary degrees from Columbia University, Cuttington University College, and Voorhees College, among others. Dr. Robinson has also been recognized as one of the most effective Presidents of colleges and universities in the nation.

As we celebrate "TWENTY-FIVE YEARS OF PRESIDENTIAL LEADERSHIP" (1967-92), we reflect upon the many significant accomplishment of that period here at Saint Augustine's College. Dr. Robinson's tenure as President has indeed been noteworthy. Due largely to his efforts, Saint Augustine's is among the soundest of the HBCU'S. We commend him for a job well done.

# SAINT AUGUSTINE'S COLLEGE GRADUATE BEATS OBSTACLES

Sunday, May 10, 1992 was a red-letter day for Charles L. Walker. The Sociology major and Raleigh-native graduated with honors (cum laude), from Saint Augustine's College. The accomplishment is particularly noteworthy in that he preserved after having lost his sight in 1987. At age two, Charles was diagnosed with glaucoma and spent kindergarten through the second grade attending the Governor Morehead School for the Blind. He entered public school in the third grade, and was reluctant to wear his thick glasses for fear of being teased by his schoolmates. This caused his studies to suffer. He would later drop out of high school and go to work. He finished his high school studies at Wake Technical Community College.

An eye infection resulting from being hit in the eye during a game led to his eventual blindness. The ordeal took its toll on his family life but with the encouragement of his grandmother, he got past the lowest points of that period.

Charles made the decision to further his education at Saint Augustine's College. He had already received his associate's degree from Rutledge College. The Special Services Program at St. Aug's helped him arrange his courseload and found people to assist him in his pursuit of the degree. He was somewhat independent from the beginning, accepting some of the givens and making the most of the available resources, both human and physical. His drive has enabled him to outdistance the odds. He's got to be a winner.

# ANTONIO PETTIGREW 1991 WORLD CHAMPION — 400 METERS

Antonio Pettigrew may have surprised a few people during the 1991 track season, but never did he demonstrate a shortage of confidence in his own capabilities. The fact is that he met the challenge and came up the big winner against tough competition, garnering a healthy measure of respect in the process.

The NCAA Division II Championships saw him win the 400 meters and anchor the Falcons' winning effort in the 1600 meter relay as St. Aug's again won the overall men's team championship for 1991.

At the 1991 U.S. Nationals, held in New York, Pettigrew won the 400 meters. The victory was a repeat of his winning effort in the 1989 U.S.

National Championships. Even so, there was no time to rest on his laurels. Tokyo awaited.

On the 29th day of September 1991, at the World Championships in Tokyo, Japan, Antonio Pettigrew brought honor to himself and to "the Aug" as he won the 400 meters in a time of 44.57, thus becoming the 1991 World Champion. No doubt, it was the high point in his career.

All-CIAA, All-America, World Champion! Antonio Pettigrew is a world-class performer. More importantly, he's a class act. We salute him.

## MOTHER TO SON

Well, son, I'll tell you:  
Life for me ain't been no crystal stair.  
It's had tacks in it,  
And splinters,  
And boards torn up,  
And places with no carpet on the floor —  
Bare.  
But all the time  
I'se been a-climbin' on,  
And reachin' landin's  
And turin' corners,  
And sometimes goin' in the dark  
Where there ain't been no light.  
So boy, don't you turn back.  
Don't you set down on the steps  
'Cause you finds it's kinder hard.  
Don't you fall now —  
For I'se still goin', honey,  
I'se still climbin',  
And life for me ain't been no crystal stair.

— Langston Hughes

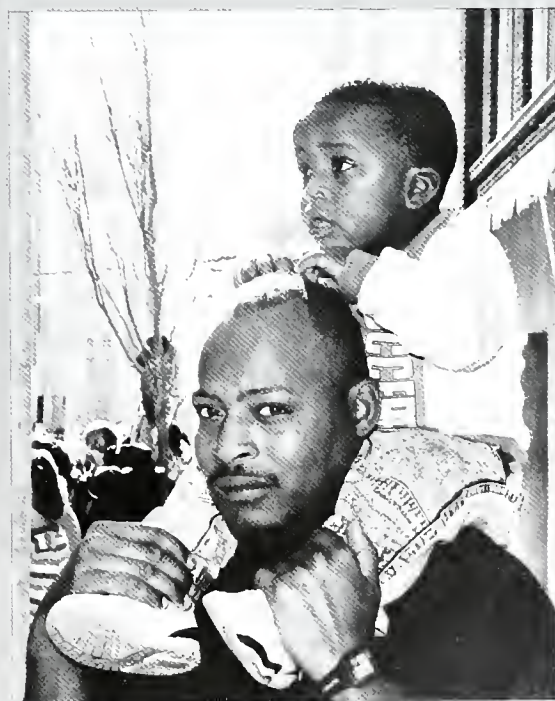

## EMULATING

He sits there in his high-chair  
eager to be fed,  
With eyes panning the world about himself,  
a world yet above his head.  
Familiar faces crown him and  
he shares in their delight  
And holds them within his gaze,  
and savors every bite.

Each morsel, to him, is nourishment,  
each nuance, he builds upon  
Ever-discerning their form, til  
it's very much his own.  
The seed is planted early  
in the impressionable mind.  
The fruit of the harvest (oft times) falls  
within the plane of the vine.

### Student Government Association

Dear Falcons,

I hope that you have had a great year here at the Aug. It has been a pleasure beyond compare serving as your Student Government Association President. As you move into your Sophomore, Junior and Senior years, I hope that the 1991-1992 Academic year will be your most memorable.

This year saw Saint Augustine's College celebrate its one hundredth and twenty-fifth birthday and her President's twenty-fifth year in office. At 125 St. Augustine's has a current student enrollment of 1,906, an estimated endowment of 14.5 million dollars, making her the fifth richest historically black institution in the nation. She has a world renowned track team and has produced Olympians for several nations. All of her athletic teams have achieved recognition either locally or nationally, and her students have maintained the highest ideals of scholarship. Her graduates are everywhere, and they continue to serve not only the African-American community, but the world community of humankind, they also serve St. Augustine's with their annual contributions of time and money. St. Augustine's is producing the African-American leaders of tomorrow. These graduates will serve in every field of human endeavor, striving to blaze trails for future generations so that they may not suffer the slings and arrows of misfortune that our ancestors have suffered in giving us the opportunities that they were denied.

As St. Augustine's has changed, she has been ever mindful that there are those that would seek to deny us our heritage, and she has stood as a fortress protecting her inhabitants and teaching them *Cogito Ergo Sum*, "I think therefore I am". All the while living up to her motto *Veritas Liberabit Vos*, "the truth shall set you free!" and knowing that her graduates see the truths of life and think as well as know that they are the best.

Once again, I have enjoyed serving as your President, To future alumni, I pay tribute in the words of Shakespeare, "This other Eden, demiparadise, ...This little world, ... This precious stone set in the silver sea, ... This blessed plot, This earth," This school, This St. Augustine's.

Sincerely,

Charles Edwin Pierce II  
S.G.A. President 1991-92

# HISTORICAL PERSPECTIVE

THE ORIGINAL CAMPUS — Saint Augustine's Normal School and Collegiate Institute — On March 6, 1883 most of the campus was destroyed by fire.

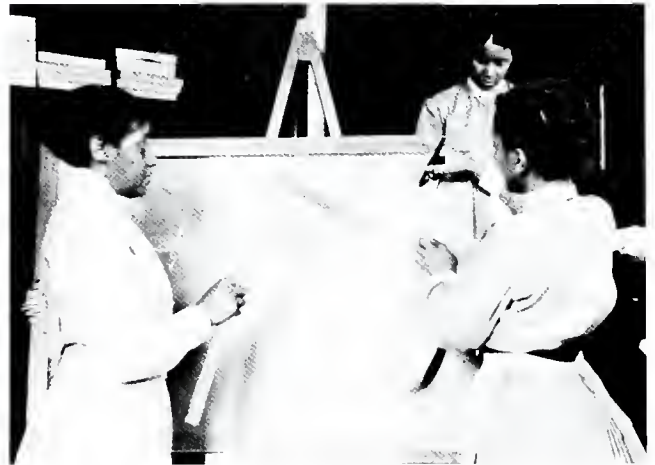

SAINT AUGUSTINE'S SCHOOL 1899 — (L-R) The Benson Library, The College Chapel, The Lyman Building, and the Smith Building.

THROUGH THE YEARS, SHE HAS BEEN A BEACON OF HOPE; HER MISSION BEING TO ENLIGHTEN YET NEVER CURSE THE DARK — EVER-UPWARD IN FLIGHT, EVER-ASPIRING TO GREATER HEIGHTS.

The campus as it looked in the 1930's. The Cheshire Building, The Thomas Building — (Completed February, 1915) Originally housed young women. The Delany Residence (Far ground)

Not by leaps and bounds, but my constant struggle and hard work by insightful Individuals has Saint Augustine's College made her mark. That effort continues to be rooted in a long-standing tradition of helping others find their niche that they might in turn leave an honorable legacy for succeeding generations. Her work is not yet done. The best is yet to come!

# SAINT AUGUSTINE'S NORMAL SCHOOL AND COLLEGIATE INSTITUTE

The idea of Saint Augustine's College originated from within the Protestant Episcopal Church in the period immediately following the American Civil War. At the general conference in 1865, the Church chose the Rev. J. Brinton Smith — then head of a school for poor children in Jersey City, NJ — to lead the new Freedman's Commission, one of three departments of the Board of Missions of the Episcopal Church. Rev. Smith believed that what the freedmen needed most was "teachers of their own color" to educate themselves and, thereby, become productive citizens.

In a letter dated March 20, 1867, Rev. Smith — then Secretary and General Agent of the Freedman's Commission — appealed for increased support from the Northern Congregations to establish schools, buy books, and to "occupy many places that were presented", for use in helping freedmen. He noted that other religious groups were engaged in such efforts and might secure religious control and influence, should the Episcopal Church not exert itself more.

In the September 1867 issue of the *Spirit of Missions*, it was announced that the Executive Committee was about to establish a school at Raleigh — The SAINT AUGUSTINE'S NORMAL SCHOOL AND COLLEGIATE INSTITUTE. The sum of \$25,000 had been secured from the estate of the late Charles Avery of Pittsburgh, Pa. who had devised a large sum of money to be devoted to the elevation of colored people in the United States and Canada. Dr. Smith resigned from the commission to accept the principalship of the new school. According to Dr. Smith there were enrolled on the first day only four students. The session opened in the *Howard School House* which was located in the area currently occupied by the NC Division of Motor Vehicles on New Bern Avenue.

The site of the present day campus encompasses 110 acres, which includes the Jones-Seawell property, also known as *WELCOME* and/or *SEVEN SPRINGS* — which was purchased for the permanent campus. The institution was named for the fourth-to-fifth-century saint, Augustine, Bishop of Hippo.

# THE DELANY FAMILY —

Mrs. Nannie Logan Delany

Dr. Henry B. Delany, Jr.

THE DELANY FAMILY — (L-R) Lucius Logan Delany, Sarah L. Delany, Henry B. Delany, Jr., Laura Edith Delany, Mrs. Nannie Logan Delany, William Manross Delany, Samuel Ray Delany, Rev. Henry B. Delany, D.D., Hubert Thomas Delany, Annie Elizabeth Delany, Dr. Lemuel Thackera Delany, and Julia Emery Delany.

The Delany Family is an important part of the Saint Augustine's tradition. The Rev. Henry B. Delany, D.D., patriarch of the family, was an educator and Episcopal Bishop who gave many years of service to the college. Born in St. Mary's, Ga., he enrolled in St. Augustine's School in 1881 to prepare for the ministry. He was already a mason by trade. After completing the academic course in 1885, he remained on the faculty of his Alma Mater serving as teacher, chaplain, and vice-principal (1889-1908). He was also supervisor of several building projects on the campus. He resigned on October 15, 1908 to become Archdeacon of the colored work in the Diocese of North Carolina. On November 18, 1918 Rev. Delany was consecrated Suffragan Bishop of North Carolina in the College Chapel. He died on April 14, 1928.

Mrs. Nannie Logan Delany, wife of Bishop Delany, came to St. Augustine's as a student in 1877. She was graduated in 1884 and married Bishop Delany in October 1886. They had ten children, all of whom were born and attended school on the campus. Mrs. Delany served as an instructor in cooking and domestic science and was matron for over thirty years. The Delany Building was named in her honor. Several of the Delany children worked as teachers on the campus, with Dr. Lemuel T. Delany serving as college physician and on staff of St. Agnes Hospital.

Bishop HENRY BEARD DELANY, D.D.  
(February 5, 1858 — April 14, 1928)

# THE BOYER FAMILY

THE BOYER FAMILY (L-R) James Alexander Boyer, Dean Charles H. Boyer, Ruth Frazier Boyer, Mrs. Alethia Amelia Chase Boyer, Daniel Chase Boyer, Back — Clinton Caldwell Boyer, Charles E. Boyer, Alverde Adelaide Boyer, and Harriett Stewart Boyer.

Dr. James A. Boyer, President — Emeritus  
(TERM — 1955-1966)

Dean Charles H. Boyer  
(1869-1942)

The Boyer Family's affiliation with Saint Augustine's College dates back to 1896 when Charles H. Boyer came to serve as teacher of mathematics, Greek, and physical education. A graduate of Yale (A.B., 1896; M.A., 1915), he gave over forty years of dedicated service to the college. He became the school's first Dean and was largely responsible for the elevation of the college to the senior college level when its first degrees were granted in 1931. He was active in every part of the institution's life.

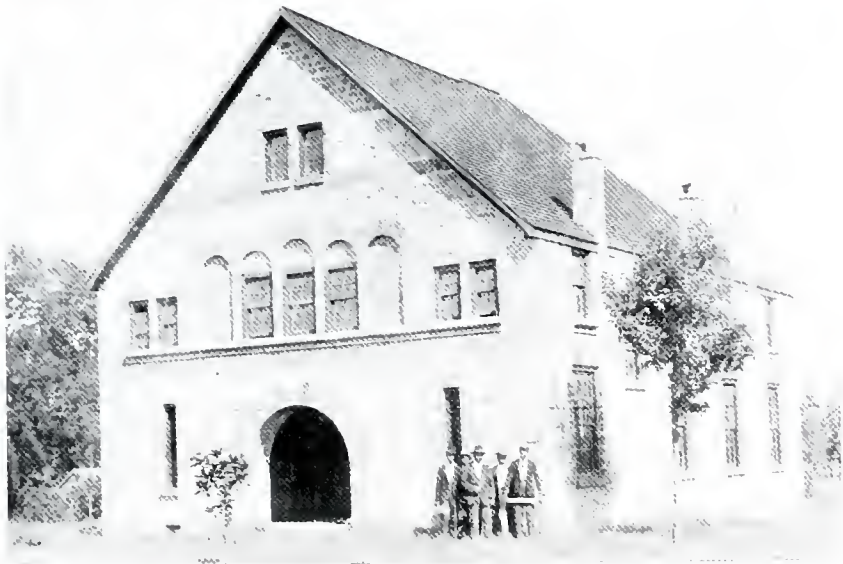

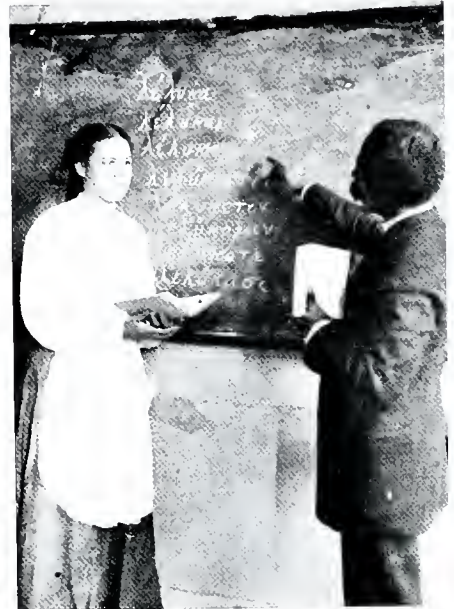

Dr. James Alexander Boyer, President — Emeritus, and one of the seven Boyer's children, graduated from the Junior College Department in 1927. After matriculating at Morehouse College ('31), he returned to Saint Augustine's as a teacher in 1934. Like his father before him, he also served as a coach. He later became Dean, and served as President from 1955 through 1966. He is presently a Professor of English, and has rendered over Fifty years of dedicated service to Saint Augustine's College. Dr. Boyer's sister, Ruth Boyer Walker, served the college for many years as Assistant Registrar and college librarian.

The early college had to be somewhat self-sufficient, hence the college operated a farm with livestock, a lumbermill, and grew cotton. Students helped build several buildings. Today's students might well enjoy such rustic pleasures.

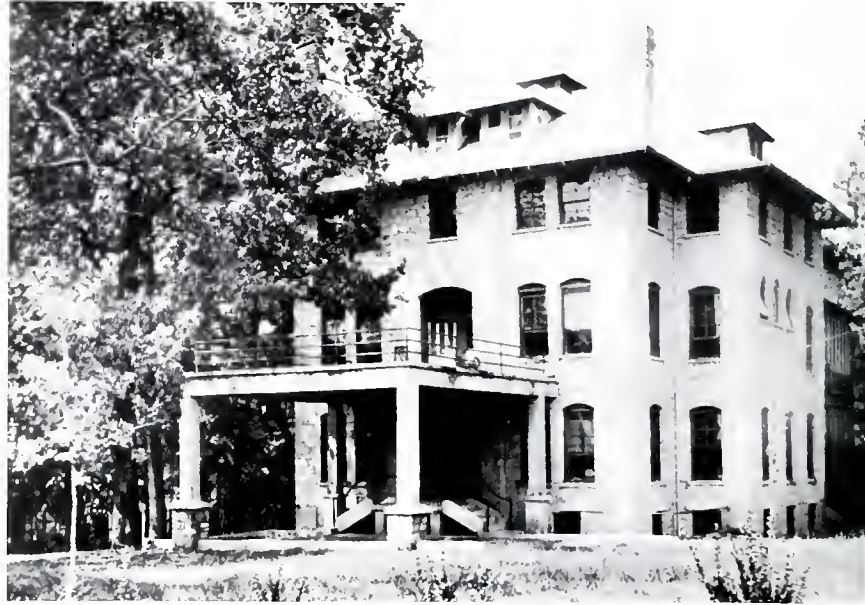

The College Chapel (1895) and Goodman's Lodge (foreground); The Smith Building which served as a classroom building and dormitory for young men; The Benson Library — Taylor Hall addition was added later.

# ST. AGNES HOSPITAL

St. Agnes Hospital Building — completed 1908

Laying Cornerstone of St. Agnes Hospital — Walter McDowell

Mrs. A.B. Hunter  
Founder, St. Agnes Hospital

Lemuel T. Delany, M.D., Resident Physician — St. Agnes Hospital (circa 1930's)

The establishment of St. Agnes Hospital in 1896 was due primarily to the faith and work of Mrs. A.B. Hunter, wife of the President. At the general Convention held in 1895 in Minneapolis, Mrs. Hunter made a plea to the Women's Auxiliary for funds for a much-needed hospital for Negroes in the community in which St. Augustine's College was situated. Reading her speech prompted Mr. I.L. Collins to give \$600.00 which he had set aside as a memorial to his late wife. That gift along with an anonymous gift of \$500.00 represented the original capital for St. Agnes Hospital — the name having been selected as a memorial to Mrs. Collins, whose Christian name was Agnes. The residence of the late Dr. Sutton was taken over and enlarged to serve as a hospital building and nurses' home. The first Commencement of the Training School for Nurses was held April 21, 1898. A new and larger four-story stone building was dedicated by Bishop Joseph B. Cheshire on May 25, 1909.

St. Agnes Hospital served the minority community in Raleigh and surrounding areas until 1960. It was among the larger hospitals serving the colored race between Washington and Atlanta and the nursing school provided many of nurses who served the more remote areas. The Hospital Building has been designated an Historic Site and is scheduled to be renovated in the very near future. It is deserving of such attention.

The distance was not always  
so clear,  
And our vision may have been  
imperfect,  
Yet, we know the way was set.  
Each challenge we encountered  
was a test of our foundation.  
Each one that we surmounted  
strengthened our resolve.  
The tree of knowledge towered  
above us —  
A full platter laid out before us.  
Our minds were open vessels  
partaking of it all.  
The promise of success  
was an inducement.  
Involvement was all-inclusive,  
sometimes without, but usually  
Within the realm of reason.

“I have only just a minute,  
Only sixty seconds in it,  
Force upon me — can’t refuse it,  
Didn’t seek it, didn’t choose it,  
But it’s up to me to use it.  
I must suffer if I lose it,  
Give account if I abuse it,  
Just a tiny little minute —  
But eternity is in it.”

# *It Couldn't Be Done*

*Somebody said that it couldn't be done,  
But he with a chuckle replied  
That maybe it couldn't, but he would be one  
Who wouldn't say so till he'd tried.  
So he buckled right in with the trace of a grin  
On his face. If he worried he hid it.  
He started to sing as he tackled the thing  
That couldn't be done, and he did it.*

*Somebody scoffed: "Oh, you'll never do it;  
At least no one has ever done it";  
But he took off his coat and he took off his hat,  
And the first thing we knew he'd begun it.  
With the lift of his chin and a bit of a grin,  
Without any doubting or quiddit,  
He started to sing as he tackled the thing.  
That couldn't be done, and he did it.*

*There are thousands to tell you it cannot be done,  
There are thousands to prophesy failure;  
There are thousands to point out to you one by  
one,  
The dangers that wait to assail you.  
But just buckle in with a bit of a grin,  
Just take off your coat and go to it;  
Just start in to sing as you tackle the thing  
That "cannot be done", and you'll do it.*

# 125TH OPENING CONVOCATION

THURSDAY, October 10, 1991 — The Fall Opening Convocation was special in that it marked the beginning of a year-long celebration of the 125th Anniversary of Saint Augustine's College and the 25th Anniversary of the Presidency of Dr. Prezell R. Robinson.

Dr. Robinson delivered the keynote address, and impressed upon the students the need to uphold the values of family and of the college; and to stand firm on what they believe in. He noted that it was a proud day for St. Aug's — *"Enrollment is at its*

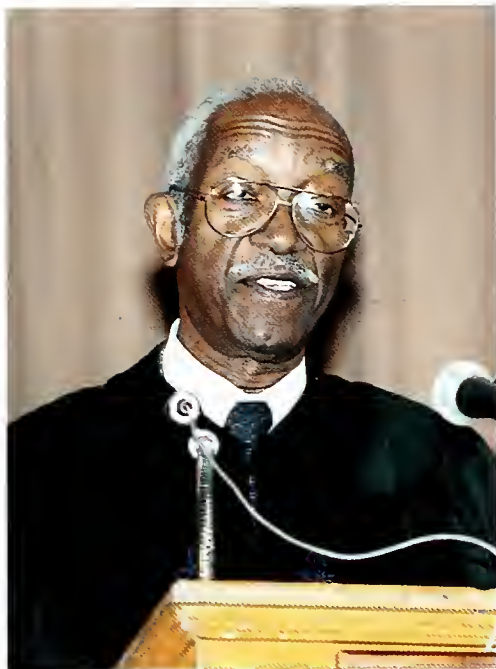

*highest and the endowment has grown significantly from what it was several years ago".* Saying that there is still an unfinished task, he reiterated that education is the key to upward mobility.

Distinguished service awards were presented to Frederick D. Burroughs, M.D., and Karl G. Hudson, Jr., Belk Hudson-Legget Company.

Dr. John Hope Franklin, James B. Duke Professor Emeritus of History at Duke University, shared some of his legacy with the rapt audience during the 125th Anniversary Special Convocation held on November 5, 1991, admonishing St. Augustine's students to prepare themselves with all due diligence and share what they learn with their fellowman. He noted the nature of these times, saying that one must be resilient in the face of economic woes, underlying prejudices and sometimes hidden agendas. He recounted his days here at the college when he served as Professor of History from 1939-43. The renowned historian was awarded

the Honorary Doctor of Humane Letters Degree during the convocation.

Alumnus Sy Oliver Smith, founder of National Capitol Systems, Inc., was awarded an Honorary Doctor of Laws Degree for his leadership and contributions as a role model and entrepreneur. The Doctor of Civil Laws Degree was conferred upon William R. Kress, IBM Corporation — Site General Manager, for his service to the community and philanthropic deeds. He serves on the college's Board of Trustees.

**KIM WATERS**

The paucity of students did not dampen the spirits of anyone assembled for the Homecoming Concert. The flow was easy and upbeat as Kim Waters jammed in a jazzy groove; and Vesta did her thang — kinda sweet but a bit spicy; Keith Washington mellowed us out, jammed a bit and finally, crooned much to the delight of the audience.

# FOUNDERS' DAY CONVOCATION 1992

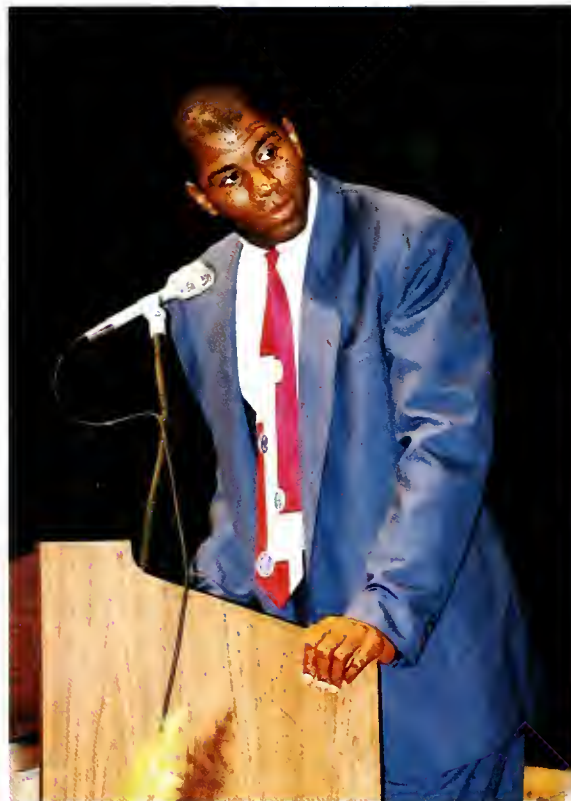

Ms. E. Faye Williams, Counsel and Special Assistant to U.S. Congressman Mervyn M. Dymally (D — California)

A dynamic speaker revved the collective engines of students gathered in Emery Gymnasium for the Homecoming-Founders' Day Convocation on Tuesday, February 4, 1992. Ms. E. Fay Williams, Staff Counsel for Congressman Mervyn M. Dymally, gave us a message that was forceful and insightful. She expressed her views on world peace, reflecting on the War in the Persian Gulf that saw many innocent people killed or maimed and voiced disapproval of the U.S. Government's proclivity to force its values upon lesser powers. She said efforts could be better directed to addressing problems that impact on the quality of life of so many within our own borders.

Among those extending greetings were the Honorable Avery C. Upchurch, Mayor of Raleigh; Dr. George W. Brown, President of the Saint Augustine's College National Alumni Association, and Dr. Prezell R. Robinson, College President.

... A Question Is Posed ...

“MAGIC’S MESSAGE IS AWARENESS!”

A SIGNIFICANT POINT — Educating the community, a priority

EARVIN “MAGIC” JOHNSON

## A FOCUS UPON WELLNESS

FEBRUARY 6, 1992 — Saint Augustine’s students and area residents sat in Memorial Auditorium awaiting the arrival of Earvin “Magic” Johnson. His flight had been delayed. Many were fans coming to get a first-hand glimpse of the NBA Super-Star. The game, this time, was about something more serious than basketball — it was about life and the ramifications of the deadly A.I.D.S. virus.

Magic Johnson arrived to thunderous applause and spoke candidly about A.I.D.S. — the disease and the phobia that sometimes surrounds it. “It’s nobody’s disease”, he said, indicating that, he didn’t think he would be susceptible to contracting the HIV virus either. He, noted for the broad smile which was in evidence, emphasized that life goes on; that he would continue to get the message out — as AIDS afflicts many in the minority community. Equally significant was his message of self-empowerment through ownership/partnerships — the point being that as long as we are simply consumers, we will always find ourselves at the mercy of somebody else’s whim.

## 1992 GRADUATES URGED TO PERSEVERE —

Governor L. Douglas Wilder of the Commonwealth of Virginia delivered a rousing speech to the nearly two-hundred St. Augustine's College graduates on May 10, 1992. Citing the obstacles and prejudices he encountered when he was a young graduate seeking employment, he urged the students to persist and make a place for themselves even if society says "we've got nothing for you". He praised the sacrifices of the parents who extolled the merits of a good education, and noted that while prejudice still exists, the division between society today is largely between the haves and the have-nots. He challenged the graduates to "dare to dream" and to show that they are prepared to demand what is right, and to not give up on working with people of all ethnic backgrounds. Governor Wilder was awarded an Honorary Doctor of Laws Degree during the Commencement.

*The evening was one of elegance and sophistication, and yet, an earthy warmth was all-pervasive. The regal audience sat intently, as if waiting for a flower to come into bloom. It was in that setting that we would view the joy that defined the occasion.*

*The Coronation of Christine Wright, Miss Saint Augustine's College 1991-92, on Saturday, November 9, 1991 was indeed symbolic of a "Royal Gathering". The Bloomfield, Connecticut native made her grande entrance into Emery Gymnasium to applause, all the while radiating with all the charm and poise befitting a queen; her face flush with excitement and delight. She beamed with fluorescent splendor. Her family sat proudly with the audience, but at once, it was as if the world were her audience if but for that moment.*

*When she took her place upon the throne, no doubt, her one inclination was to relish the moment with all the deep-felt emotion that emanated from her inner-being. In greeting her subjects, she accepted the crown with dignity, intent on portraying the refined young woman that indeed she is. It was her night to shine. She glowed!*

## PHENOMENAL WOMAN

*Pretty women wonder where my secret lies.*

*I'm not cute or built to suit  
A fashion model's size  
But when I start to tell them,  
They think I'm telling lies.*

*I say,*

*It's in the reach of my arms,  
The span of my hips,  
The stride of my step,  
The curl of my lips.*

*I'm a woman*

*Phenomenally.*

*Phenomenal woman,*

*That's me.*

*I walk into a room*

*Just as cool as you please,*

*And to a man,*

*The fellows stand or*

*Fall down to their knees.*

*Then they swarm around me,*

*A hive of honey bees.*

*I say,*

*It's the fire in my eyes,*

*And the flash of my teeth,*

*The swing of my waist,*

*And the joy in my feet.*

*I'm a woman*

*Phenomenally.*

*Phenomenal woman,*

*That's me.*

*Men themselves have wondered*

*What they see in me.*

*They try so much*

*But they can't touch*

*My inner mystery.*

*When I try to show them*

*They say they still can't see.*

*I say,*

*It's in the arch of my back,*

*The sun of my smile,*

*The ride of my breasts,*

*The grace of my style.*

*I'm a woman*

*Phenomenally.*

*Phenomenal woman,*

*That's me.*

*Now you understand*

*Just why my head's not bowed.*

*I don't shout or jump about*

*Or have to talk real loud.*

*When you see me passing*

*It ought to make you proud.*

*I say,*

*It's in the click of my heels*

*The bend of my hair,*

*The palm of my hand,*

*The need of my care.*

*'Cause I'm a woman*

*Phenomenally.*

*Phenomenal woman,*

## ALPHA PHI ALPHA FRATERNITY, INC.

Alpha Phi Alpha, the first Black fraternity, was founded on the campus of Cornell University on December 4, 1906. The racial cleaving characteristic of this period had stimulated seven bold students to form a group to insure mutual helpfulness. These seven are known to members of the fraternity as Jewels.

Gamma Psi Chapter was chartered on March 15, 1948 on the campus of Saint Augustine's College. The charter line consisted of twelve young men of similar aim. The fraternity's motto is "First of All, Servant of All, We shall transcend All." Gamma Psi Chapter promotes scholarship, brotherhood, and unity among Black college men.

## PEACE CORPS

Dancing to the beat of a different drummer is sometimes the rule rather than the exception. And being individuals, we have our own personalities and, of course, individual agendas to some extent. But we are an integral part of the larger body. Endless chatter, good-natured ribbing, and a sense of belonging have made us feel at home here at the "AUG." Ah, "the AUG" — *kinda has a nice ring, doesn't it?* Well, that's a large part of what makes Saint Augustine's what it is.

urden shared is like a feather

Within the friendly confines, everybody knows everybody else — which is sometimes a mixed-blessing. But, the advantages far exceed the drawbacks. From the balconies of Baker to the Lobby of Latham; from either wing of Weston, to the surrounding grounds of Goold, from Heck, Lynch and Atkinson to Delany, and the like, word is that the Aug has got it going on. And we determined our dose.

It has been said that the one constant that we shall encounter is *Change*. Well, *change* is what we so look forward to during the registration periods. But then, the lines are a given and we've pretty much learned to live with them — Ah, what we'd give for a front row seat! Now!

Coach Earle K. Curry, Assistant Professor and longtime voice of the *Mighty Falcons*, counsels a student on curriculum requirements.

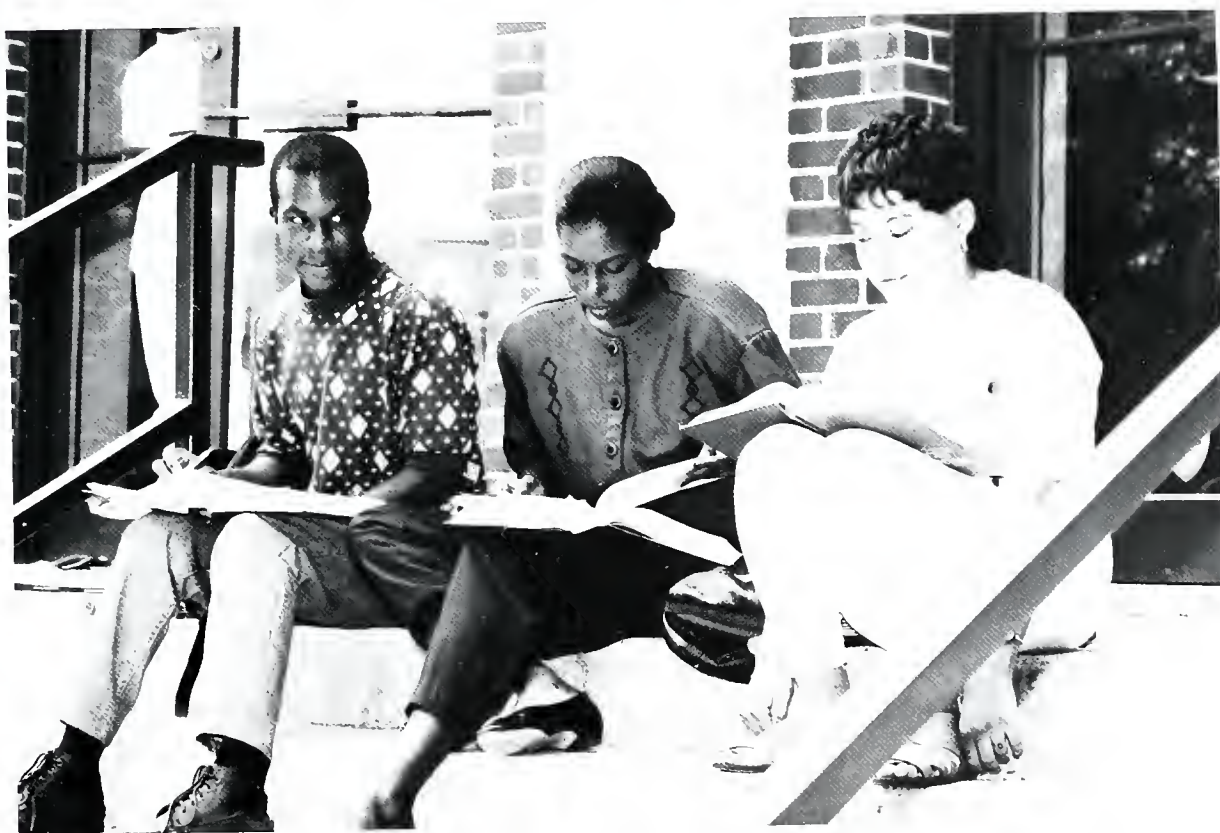

William McCray, Rep. of UNCF Pre-Med Institute at Fisk University, dialogues with students and Dr. David Mallette.

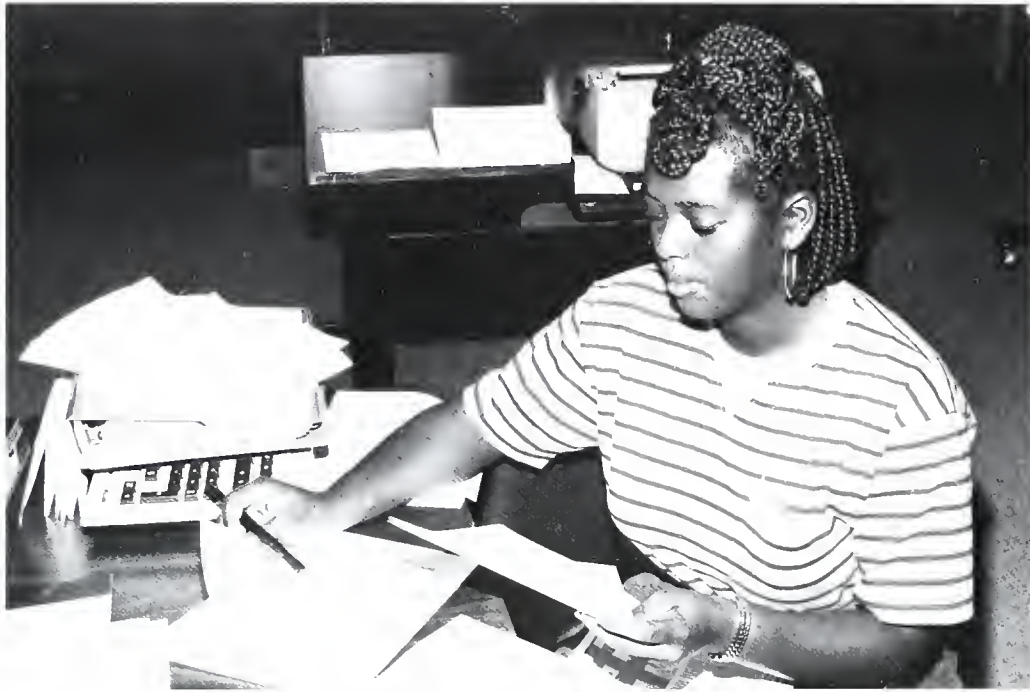

**POLITICALLY CORRECT?** The debate was related to the oft-heated SGA Elections of Spring — 1992. The question was, no doubt, "Would the students come out as winners this time around?"

Who do, Who do you think you're fooling? Surely, Hollywood will soon be calling. They saw the ROVING PHOTOGRAPHER!

"Be the task great or small; Do it well, or not at all."

If you can't be a pine  
on the top of the hill,  
Be a scrub in the valley — but be  
the best little scrub  
by the side of the rill,  
Be a bush, if you can't be a tree.

If you can't be a highway,  
just be a trail.  
If you can't be the sun,  
be a star;  
It's not by size,  
that you win or fail —  
Be the best of whatever you are.  
— Douglas Mallock

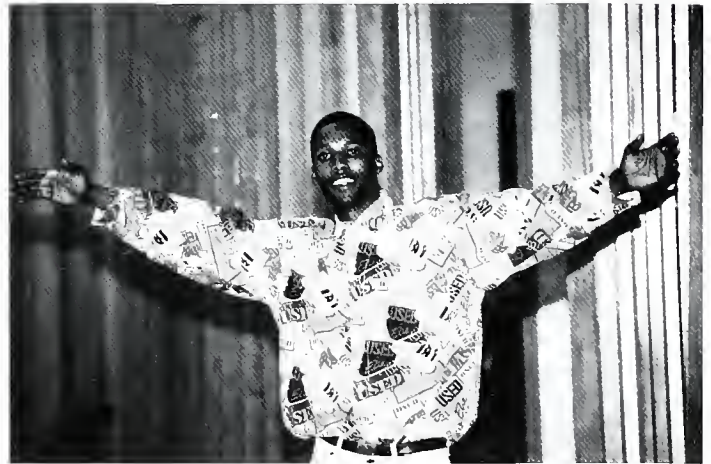

Success can sometimes be traced back to the card-catalogue. — Doing our homework simplified the task.

Putting our best foot forward meant assessing the various avenues and human resources availability. Ultimately, it was left to us to access that which was there for the asking.

## THE QUESTION OF . . . JUSTICE? — Decision spurred protest.

Students rally on the college union mall, prior to their march to the Capitol grounds.

The acquittal in April 1992 of four L.A. policemen in the Rodney King beating case served as a wake-up call for many students at St. Augustine's College. Our outrage with the verdict and the imbalanced system of justice took us to the State Capitol grounds, where we rallied and expressed our frustrations. The effort affirmed our activism and unity . . . as we are tomorrow's leaders and as such, we must commit to the ongoing struggle for equal justice and opportunity. The matter was something to be concerned about, and quite frankly, we needed something to get excited about — some cause to rally around.

Perhaps, never again shall we know days  
So challenging, yet carefree as these;  
And only now, do we have the chance  
To make them treasured memories.

*"Chance has never yet satisfied the hope of a suffering people. Action, self-reliance, and the vision of self and the future have been the only means by which the oppressed have seen and realized their own freedom."*

— Marcus Garvey

## DR. WILEY M. DAVIS

*To every man openeth a way a way, and  
a way.  
And the high soul taketh the high way  
And the low soul taketh the low.  
And in between on the misty flats the rest  
drift to and fro.  
But for the man that taketh the high  
way,  
And the man that taketh the low,  
Only they can decide  
Which way their souls will go.*

Dr. Davis receives the Distinguished Service Award during 1992 Commencement

Never at a loss for words, Dr. Davis chats with students . . . A little friendly advice, perhaps?

In his many years of service to "The Aug", Dr. Davis has made himself accessible to the students, thereby commanding their respect and admiration. He serves as a mentor to many and has demonstrated a profound interest in the students as the individuals that they are. Fair but firm, he is known to often give one the *benefit of the doubt*. Student affairs is undoubtedly one of his great loves and . . . he has a veritable treasure-chest of adages, poems, etc., and wields them as the occasion demands. He's a diehard Falcon — Class of 1951.

... "BETH" Davis, his better-half

Like a strong tree that in the virgin  
 earth  
 Sends far its roots through rock and  
 loam and clay,  
 And proudly thrives in rain or time of  
 dearth,  
 When dry waves scare the rain — come  
 sprites away;  
 Like a strong tree that reaches down  
 deep, deep,  
 For sunken water, fluid underground,  
 Where the great-ringed unsightly blind  
 worms creep,  
 And queer things of the nether world  
 abound:  
 So would I live in rich imperial growth,  
 Touching the surface and the depth of  
 things,  
 Instinctively responsive unto both,  
 Tasting the sweets of being, fearing no  
 stings,  
 Sensing the subtle spell of changing  
 forms,  
 Like a strong tree against a thousand  
 storms.

GEORGE WILLIAMS, Mighty Falcons Head Coach

## NCAA DIVISION II CHAMPIONS — 1992 TRACK & FIELD

Coach George Williams' culinary skill may be suspect, but he definitely has the recipe for success on the track . . . and his charges keep winning again, and again, and again. 1992 saw the Falcons win their eleventh straight CIAA crown and their fourth consecutive NCAA Division II Outdoor Championship. They also repeated in the NCAA Indoor Championships, winning their 6th title.

In the CIAA, the Falcons bested 2nd place Norfolk State 231 to 93pts as world champion Antonio Pettigrew won in the 400 and anchored the 4x100 and 4x400 relays. Among the other winners were Keith Holley in the long (26-7¼) and triple jump (55-¼), Burnice Cross in the Discus (157-8), and Gilbert Hashan in the 400 intermediate hurdles (51.95). The Falcons swept the top four spots in the 100 as Cedric Jackson and Mark Mason tied for first (10.4).

The Falcons won a record fourth straight 4x100 relay at the NCAA Outdoor Championships at San Angelo, Texas. Emmitt Higgins won the triple jump title with a leap of 51-6½ and Gilbert Hashan won the 400 hurdles in a season-best 50.52.

## LADY FALCONS BASKETBALL

Led by a trio of All-CIAA performers, the Lady Falcons fashioned a banner season in 1991-92, compiling a 23-3 record. Averaging 88.1 ppg, the team captured the Southern Division crown as they were led by CIAA Player of the Year and Scoring leader, Carolyn Brown (23.3 ppg, 7.4 rpg, 6.1 apg, 5 spg.). The inside work of Natasha Miller (19.2 ppg, 11.6 rpg.) and Marquita Ziyad, both All-CIAA 1992, was critical to the Lady Falcons' overall success. The team made it to the championship game of the CIAA Tournament before falling to Norfolk State, 84-78. Coach of the Year Beverly Downing did an excellent job of blending experience and youth.

## LADY FALCONS VOLLEYBALL TEAM

The Lady Falcons volleyball team brought home the Gold during the 1992-92 season. For what seemed like the umpteenth time, they won the Southern Division title and repeated as CIAA Champions. They ranked ninth in the Atlantic region. Annise King and Georgette Crawford were named to the All-Conference team and were co-MVP's of the CIAA Tournament. Guided by CIAA Coach of the Year Deborah Dove, the Lady Falcons showed their mettle as the other teams stood in awe.

1991-92 FALCONS — (L-R) Front: Marcus Talley, Jerome Gilbert, Antonio Whitley, Jeffrey Robinson, Horace Graham, James Shelton, Keith Perkins; Back: Danus Giles, Isah Umar, John Tyson, Eugene Dunbar, Milton Pouncy, Ray Amerson.

## THE MIGHTY FALCONS

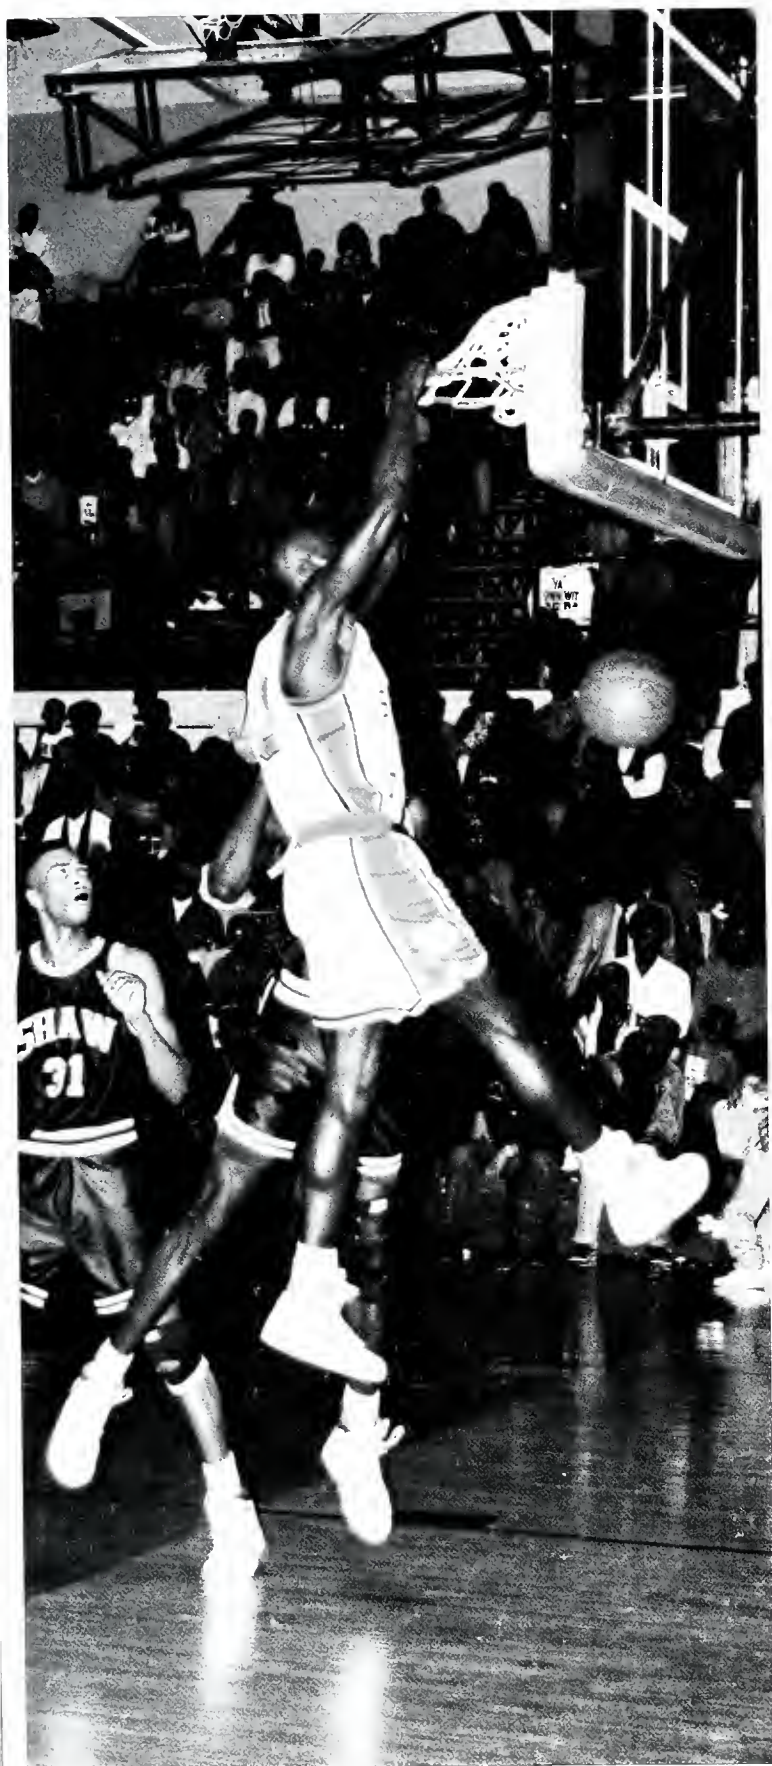

The 1991-92 season was one of rebuilding for the Saint Augustine's Falcons. The inexperience told as the team posted an 11-15 overall record, 5-7 in the CIAA Southern Division. Youthful exuberance could not sustain the Falcons down the stretch as inconsistency proved to be their achilles' heel. Discipline remained a question mark.

The season was not without its occasional flashes of brilliance. The talent was evident . . . and the experience gained was a plus. The Falcons MO (modus operandi) was again the run-n-gun offense and the scoring leader was power forward, Eugene Dunbar (18.6 ppg). He was ably assisted by guards Jeffrey Robinson, Ray Amerson, and forward Isah Umar (17.9 ppg, 14.7 ppg, and 16.6 ppg respectively). Amerson made the CIAA All-Rookie Team. Freshman point-guard Marcus Talley showed promise and court-savvy. Antonio Whitley, perhaps the most-talented all-around, had a sub-par season. Things can only get better for our Falcons.

In 1962 officials at Saint Augustine's College began considering the possibility of establishing a Senior Army ROTC Program on campus. Formal application was made to the Secretary of the Army in June 1967 and subsequently approved for a program to commence with the 1972-73 school year. Upon request, the program activation date was delayed until 1974. During the initial semester, one-hundred and forty students enrolled in the program.

Since 1974, the SAC Falcon Battalion has had a cross-enrollment agreement with Shaw University, and with North Carolina Wesleyan College since April 1987. The Military Science Curriculum offers both the two and four-year ROTC programs. In August 1983 the detachment fully implemented the Army's Military Qualification Standards I. Over 339 cadets have received commissions as Army Second Lieutenants since the Falcon Battalion was established. The emphasis continues to be providing excellent leadership for today's Army.

# ANNUAL PRESIDENT'S REVIEW — 1992

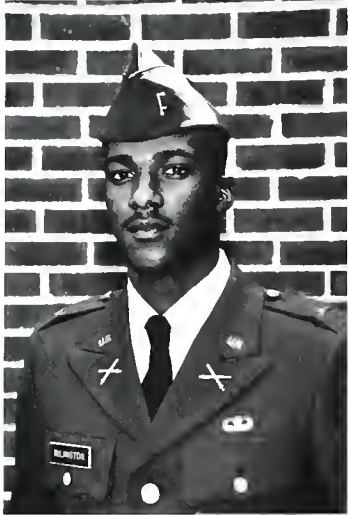

April 24, 1992 — The President's Review was first conducted on April 5, 1984 to honor eleven visiting African Ambassadors. This event allows the President the opportunity to inspect the status of ROTC and renew the bond between Saint Augustine's College and ROTC. The occasion further provides an opportunity for the President to demonstrate to State and local leaders that Saint Augustine's College is in the business of providing the future leadership for business, industry, education, the military and the government.

# WILLIAM AUGUSTINE PERRY

William Augustine Perry, son of the Rev. John W. Perry of Tarboro, NC, was a 1902 graduate of the Collegiate Department. He went directly to Yale University and was graduated with honors. He became principal of the public school in his hometown and later became principal of St. Athanasius School, Brunswick, Ga.

He is author of both, The College Hymn and The Blue and White.

## THE COLLEGE HYMN

1

God of every nation,  
Every race and creed;  
Lord of every creature,  
Every budding seed;  
Friend of every right and  
Foe of every wrong  
Father, Son, Great Spirit  
Listen to our song  
We acknowledge, worship  
Love and e'er adore Thee  
Father, Son, Great Spirit,  
Holy Trinity

2

All good things of Thee come  
Through Thine agencies  
Christian lives, the Church,  
friends,  
Service, charities,  
Blessing all Thy children  
Through eternity  
Saint Augustine's College  
Thus has come from Thee.  
So with thankful hearts, we  
Worship and adore Thee,  
Father, Son, Great Spirit,  
Holy Trinity

3

For Thy Missionaries  
Laboring early here,  
Building firmly for our  
Alma Mater dear;  
For their self-denials,  
Joys and sorrows blest,  
We give praise as now in  
Paradise they rest,  
So, with thankful hearts, we  
Worship and adore Thee,  
Father, Son, Great Spirit,  
Holy Trinity

4

For those friends and Churchmen  
Living everywhere,  
Givings of their means to  
Build our College rare;  
For all those in service  
Using every power  
That we may enjoy this  
Blessed, happy hour;  
We give thanks to Thee, we  
Worship and adore Thee,  
Father, Son, Great Spirit,  
Holy Trinity

5

Ye alumni loyal  
Who have passed and gone  
Of your christian lives this  
Day for us was born,  
Grant, O God, that we may  
Live as worthily  
Passing onward greater  
Opportunity.  
So with thankful hearts, we  
Worship and adore Thee,  
Father, Son, Great Spirit,  
Holy Trinity

## THE BLUE AND THE WHITE

1

The dark hue of the violet  
The snow white lily's bloom  
Are emblems of the virtues rare  
That seal all failure's doom:  
That give us courage ever  
To dare to do the right;  
For Alma Mater dear they stand,  
All hail the Blue and White.

2

All thru the days we spend at  
school  
Midst scenes we hold so dear  
Where friendships made are ne'er  
forgot  
Where always there's good cheer;  
While for enchanting knowledge  
Or charming laurel bright  
We strive our best, we ne'er  
forget  
'Tis for the Blue and White.

3

Where'er relentless duty calls  
O'er life's tempestuous seas  
We'll go and loyally we'll abide  
What weal or woe decrees:  
Yes loyal to the colors  
That stand for "Right is Might,"  
Our country's flag, the Stars and  
Stripes  
And ours the Blue and White.

4

O sing a song of love and praise  
From loyal hearts and pure,  
For her our Alma Mater dear  
And for her ideals true;  
For ninety years she's triumphed.  
As upward in her flight  
She's climbed to be a beacon  
light —  
Her banner Blue and White.

— William Augustine Perry

## LOOKING FORWARD

*I've shut the door on Yesterday,  
Its sorrows and mistakes;  
I've locked within its gloomy walls  
Past failures and heartaches.*

*And now I throw the key away  
To seek another room  
And furnish it with hope and smiles,  
And every springtime bloom.*

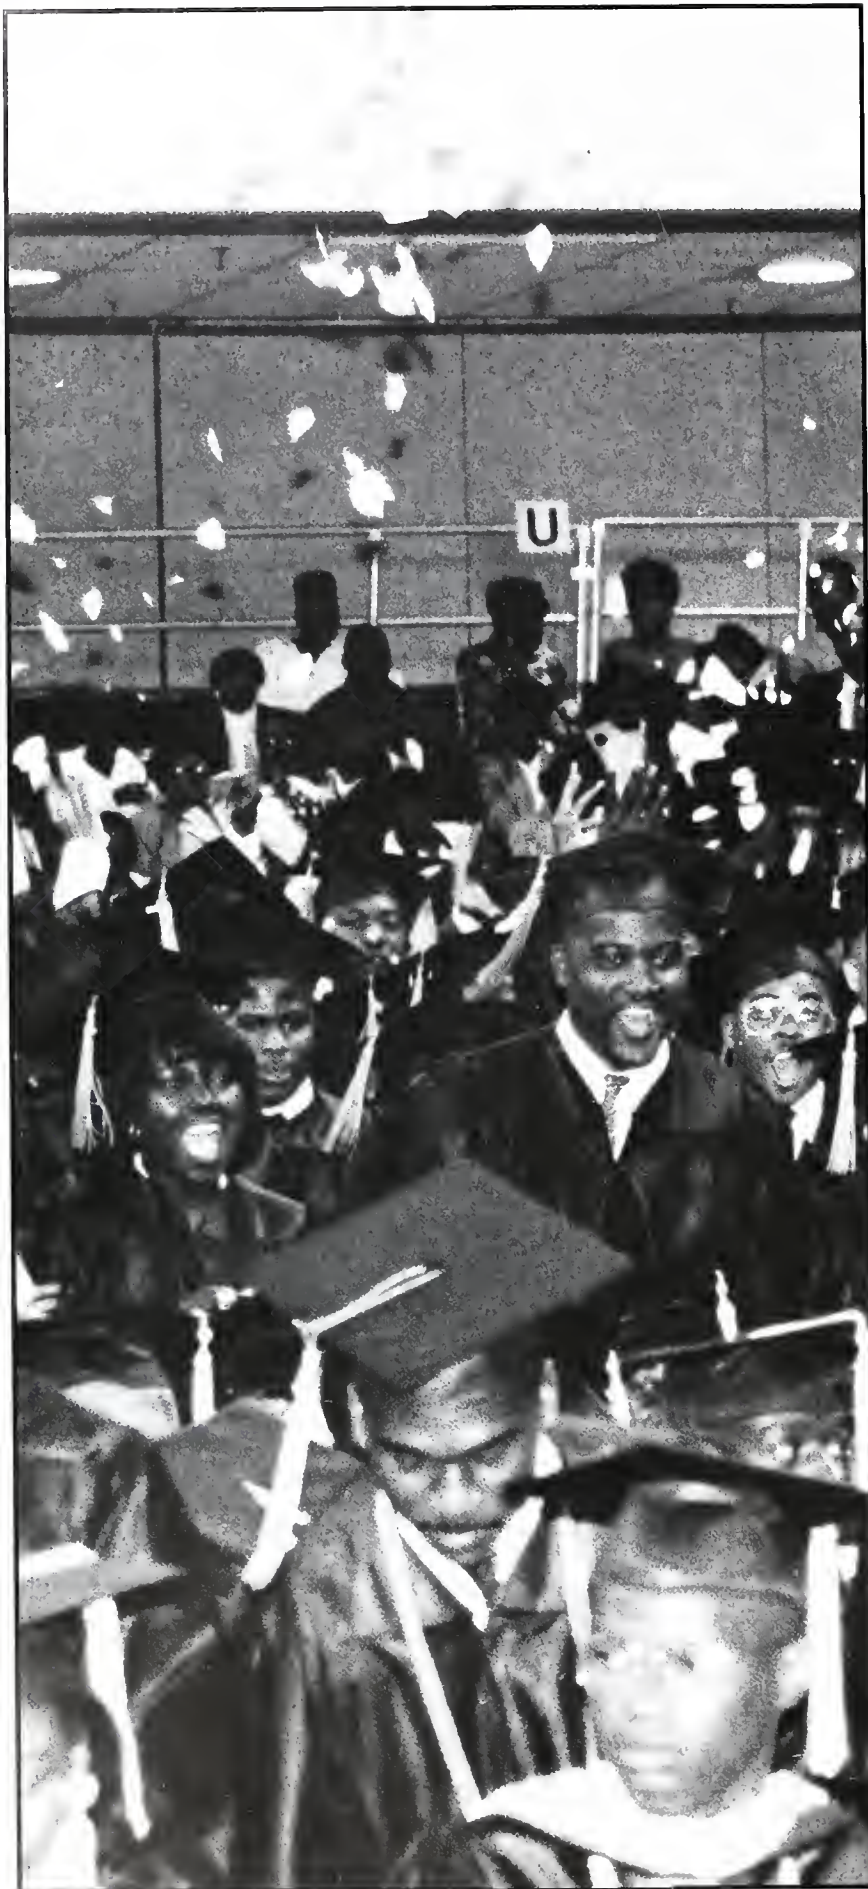

*No thought shall enter this abode  
That has a hint of pain,  
And every malice and distrust  
Shall never therein reign.*

*I've shut the door on yesterday  
And throw my key away —  
Tomorrow holds no doubt for me,  
Since I have found today.*

AND SO,  
WE BEGIN ANEW.  
THE DAY, FOR US  
HATH COME,  
AND NOW IS DONE;  
YESTERDAY  
BELONGS  
TO OUR MEMORY,  
AND TOMORROW —  
TO DESTINY.  
AND SO, TODAY,  
WE BEGIN ANEW;  
AND THEREIN,  
WE TAKE DELIGHT —  
OUR WINGS SPREAD  
ONCE MORE,  
FOR FLIGHT.
